Your industry is unlike any other, which is why there's no such thing as a generic industry solution from SAP. Our industry-specific solutions are based on an in-depth knowledge of the processes that drive your business. So you can make better, more informed strategic decisions in the areas most important to you – whether it's gaining greater visibility across your enterprise, getting closer to your customers or reducing inefficiencies across the board. How do we know so much about your industry? We've been working in it for over 30 years. Visit [sap.com](http://sap.com) for details.
