

NORTH AND SOUTH AMERICA COURSE SCHEDULE FOR SEPTEMBER-DECEMBER 2003

Our Infrared Training Centre courses are taught by expert instructors with over 15 years of thermography experience each. All ITC Courses exceed ASNT SNT-TC-1A guidelines and involve intense training on theory and any IR camera operation. Regional courses can be held at a customer facility to gain hands on site experience. Course hosts receive up to 2 free trainees.

For a course outline or if you would be interested in hosting a course please contact:

FLIR Canada at 1 800 613 050

FLIR Systems has scheduled its' new series of FREE Infraforums, which provide upto date information on starting or improving current infrared thermography programs, new applications and training on cameras and report software. The Infraforums start at 8:30AM and run to noon. Staff will be available in the afternoon for more specialized questions and demonstrations.

Please call 1-800-613-0507 or email greg.bork@flir.com for meeting locations and to book your spot.
