

# Only One Power Source Has Been More Reliable

## Hevi-Duty Reliability

The Hevi-Duty family of dry-type transformers have been specified in commercial and industrial applications for over 75 years. We are proud of the integrity of our designs, the reliability of our products and the value that our years of experience provides our customers. As long as the sun rises every morning, Sola/Hevi-Duty will be there to provide reliable power transformer and conversion products.

### Sola/Hevi-Duty Transformers:

- Low Voltage General Purpose
- Low Temperature Rise
- Energy Star TP-1 Rated
- Hazardous Location
- Industrial Control
- DIN Rail Mounted Line Reactors
- K-Rated for Harmonics
- Buck Boost
- Constant Voltage
- Drive Isolation
- Custom Voltages

75 Years of HEVI-DUTY Power Quality
