

ELECTRIFYING OPPORTUNITIES

ENERCOM

5TH Annual Enercom Conference & Exposition

MARCH 2 – 3, 2004

METRO TORONTO CONVENTION CENTRE, NORTH BUILDING

generation transmission distribution

The meeting place for producers, buyers, sellers, distributors, marketers, and major consumers of energy – electricity, natural gas and renewables. Hear from key Canadian and International industry leaders who will share their insights into the latest trends, policies and opportunities in Canada's energy sector. Enjoy networking events, share experiences and benefit from "lessons learned".

For information on the 2004 event visit www.enercom.to
<<http://www.enercom.to/>> or call 416-512-1215 ext. 226.

*Exhibitors: Put your product "front and centre" with key buyers and influencers in the generation, transmission and distribution of energy.

For information on exhibiting and sponsorship opportunities call 416-512-1215 ext.226.

CUEE

CANADIAN UTILITIES EQUIPMENT AND ENGINEERING SHOW

MAY 18 - 19, 2004

electricity gas water

The Canadian Utilities Equipment and Engineer Show is Canada's largest and most important equipment, transmission and distribution show.

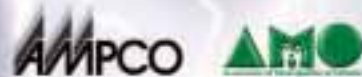

A marketplace for utility products, services and technologies, the show is attended by 6,000 pre-qualified buyers and specifiers from across Canada and the North Eastern U.S.

For more information on the event, visit www.cuee.ca
or call 416-512-1215 ext.226 or 1-800-660-7083 ext.226.
