

# TEST EQUIPMENT QUOTATION REQUEST FORM

## Looking for Test Equipment?

Complete the following form and your request will be sent to the test equipment manufacturers and suppliers listed on [www.electricityforum.com](http://www.electricityforum.com) Test Equipment Directory page.

Use this handy 'tear-out' form to send a request for quotation to leading suppliers and manufacturers listed in our Product Directory and Buyer's Guide. Alternatively, visit our website and complete the form on-line.

### General

#### Test Equipment Type:

- |  |  |   |
|--|--|---|
| <input type="checkbox"/> ASTM D149 Oil testers   | <input type="checkbox"/> Ground Resistance       | <input type="checkbox"/> Power/Dissipation Factor |
| <input type="checkbox"/> Batteries               | <input type="checkbox"/> Hipot                   | <input type="checkbox"/> Radio Frequency (RF)     |
| <input type="checkbox"/> Blanket                 | <input type="checkbox"/> HV Impulse              | <input type="checkbox"/> Reclosers                |
| <input type="checkbox"/> Burden Tester           | <input type="checkbox"/> HV Test Sets - Portable | <input type="checkbox"/> Reference Dividers       |
| <input type="checkbox"/> C.T. Tester             | <input type="checkbox"/> Instrument Transformer  | <input type="checkbox"/> Relay                    |
| <input type="checkbox"/> Cable & Fault Locating  | <input type="checkbox"/> Insulation              | <input type="checkbox"/> Resistance measuring     |
| <input type="checkbox"/> Capacitance             | <input type="checkbox"/> Lightning Arresters     | <input type="checkbox"/> Resonant Test Systems    |
| <input type="checkbox"/> Carrier Equipment       | <input type="checkbox"/> Luminaires and Ballasts | <input type="checkbox"/> RFI - TVI                |
| <input type="checkbox"/> Circuit Breaker         | <input type="checkbox"/> Meter Equipment         | <input type="checkbox"/> Ropes & Straps           |
| <input type="checkbox"/> Corona Viewers          | <input type="checkbox"/> Meter Socket            | <input type="checkbox"/> Safety and Instruments   |
| <input type="checkbox"/> Data Logging            | <input type="checkbox"/> Meter Test Boards       | <input type="checkbox"/> SF6                      |
| <input type="checkbox"/> Decay Detection         | <input type="checkbox"/> Meter Test Sets         | <input type="checkbox"/> Sleeve - Rubber          |
| <input type="checkbox"/> Dielectric              | <input type="checkbox"/> Microwave               | <input type="checkbox"/> Sonic Testers            |
| <input type="checkbox"/> EMC                     | <input type="checkbox"/> Moisture                | <input type="checkbox"/> Transformers             |
| <input type="checkbox"/> Fault Locator           | <input type="checkbox"/> Motor Test Systems      | <input type="checkbox"/> Ultrasound               |
| <input type="checkbox"/> Fiberoptics             | <input type="checkbox"/> Oil                     | <input type="checkbox"/> Underground Cable        |
| <input type="checkbox"/> Frequency & Ratio Meter | <input type="checkbox"/> Partial Discharge       | <input type="checkbox"/> Vibration                |
| <input type="checkbox"/> Glove                   | <input type="checkbox"/> PCB                     | <input type="checkbox"/> Watt/Var Transducers     |
| <input type="checkbox"/> Ground Bond             | <input type="checkbox"/> Photoelectric Control   | <input type="checkbox"/> Wattmeter                |
|  | <input type="checkbox"/> Power Logging           | Other _____                                       |

#### User Interface Options:

- Front Panel:  
 Analog     Digital     No Preference
- Computer Interface:  
 Required     Must not have     No Preference
- Computer Interface Options:  
 Serial     Parallel     No Preference
- Application Software:  
 Required     Must not have     No Preference

#### Display Options:

- Analog Meter  
 Digital Readout  
 Video Display

#### More Output Options:

- Analog Voltage  
 Analog Current  
 Switch / Relay

#### Environment:

Operating Temperature: from \_\_\_\_\_ to \_\_\_\_\_  
 Operating Humidity: from \_\_\_\_\_ to \_\_\_\_\_

### Automated Test Equipment

#### Component Test Type:

- Logic ATE  
 Linear/Mixed Signal ATE  
 Passive Component ATE  
 No Preference

#### Printed Circuit Board (PCB) Test Type:

- In-Circuit Tester (ICT)  
 No Preference

Address your Test Equipment Quotation Request Form to:

mail: **The Electricity Forum**  
 15 Harwood Ave. S., Suite 204  
 Ajax, ON L1S 2B9, CANADA

fax: **1-905-686-1078**

You may submit your Test Equipment Quotation Request on-line:

[www.electricityforum.com/t&d/quotation\\_test\\_equipment.html](http://www.electricityforum.com/t&d/quotation_test_equipment.html)

**Before mailing, please make sure you have:**
